>>> FOUNDATION WARRIOR - KUSHI

The HCG Foundation, in its commitment to assisting cancer patients in need, has provided support to numerous individuals this quarter, witnessing several success stories in the lives of our patients. Notably, Kushi, a lively 4-year-old from the serene village of Bellary, stands as a shining example of the positive impact of our efforts.

Kushi, the only child in her family, brought boundless joy to her parents with her infectious laughter and boundless energy. Her father, a hardworking farmer, and her mother, a dedicated homemaker, formed an unbreakable bond with their precious daughter. Little did they know that their lives would take an unexpected turn when Kushi was diagnosed with blood cancer. In the face of this daunting challenge, Kushi's family turned to HCG Hospital Bangalore for medical treatment. The journey was arduous, filled with difficult medical procedures and emotional turbulence. However, the unwavering love and support from her parents, combined with the exceptional healthcare provided by HCG, became the pillars of Kushi's strength.

Amidst the trials of her treatment, Kushi found solace and joy in the art therapy sessions organized at the hospital. These sessions not only became a source of distraction from the medical rigors but also played a vital role in uplifting her spirits and providing a sense of normalcy amid adversity.

We are delighted to share the news that Kushi has successfully completed her chemotherapy, standing tall against all odds.

As Kushi prepares to join school soon, her journey from a challenging diagnosis to a promising future is a testament to the transformative impact of quality healthcare and unwavering community support. The HCG Foundation takes great pride in having played a role in Kushi's journey to regain health and happiness.

GARBA FUNDRAISING EVENT

HCG Foundation, this year, on 16th October, 2023; organised અરેઝ Garba – A Fundraising Event to Fight Cancer at Rajpath Club, Ahmedabad, where all the likeminded generous donors, corporates, important dignitaries and beneficiaries were invited to celebrate the victory of Good over Evil. More than twenty reels of doctors discussing the HCG Foundation and its mission to assist cancer patients who are financially struggling were used to promote this fundraising event.

With the help of over 5000 Kheliya, this fundraising event was a huge success and raised over 50 lakhs. Large sponsors such as A Shirdhar, PSP Projects Ltd, N J Devani Builders, Deepkala Silk Heritage, Heart Foundation & Research Institute, and many more helped to make the event possible. The proceeds from this event will be used to provide cancer treatment at extremely reduced costs or for free to patients at HCG Hospitals in Ahmedabad who are struggling financially.

>>> CANCER AWARENESS AND DETECTION CAMP

CVC Enterprises Ltd. has recently greenlit a new initiative to organize 80 cancer awareness and detection camps. These efforts are facilitated through our mobile bus clinic, which consistently conducts awareness camps in rural villages of Mysore. The dedicated team has invested significant time and effort to ensure that our clinic delivers a valuable service to the larger community. Unfortunately, due to the annual maintenance of the bus, we were restricted to conducting only 3 camps. As we approach the final quarter of the financial year, our primary goal is to carry out 30 health camps in the rural areas of Mysore. In preparation for this, we have already identified specific regions to be covered in January 2024. The subsequent step involves coordinating with village authorities to secure the necessary permissions, a task scheduled 2-3 days before each camp.
